29 January 1959

MEMORANDUM FOR: Deputy Director (Plans)

SUBJECT: Attached Report

1. Attached is the preliminary ATIC evaluation of the zoom climb tests.
2. In brief, ATIC conclusions are in line with the OSI evaluation of the tests and indicate that chances of intercept are poor unless optimum conditions exist.
3. The meeting between Operations personnel and ATIC representatives, recommended in the past paragraph of the attached, will be held the first week in February.

25X1A

Director of Operations
